

## What's Happening on SR-68 (Redwood Road)?

### *Frequently Asked Questions - Project Information*

#### *How can I get more questions answered and stay informed during construction?*

UDOT has employed a project-dedicated public information team. This group has already distributed information along the corridor to adjacent stakeholders, and is working to get the word out to a wider area by direct mail, coordination with local governments and other agencies, and direct contact with other key stakeholder groups.

The team will also primarily be using email to distribute information to area residents, businesses, commuters and other interested stakeholders. Regular project updates, including coming construction impacts, will be distributed by email to any interested stakeholders. If you wish to receive these updates, visit the project Web site, [www.udot.utah.gov/sr-68south](http://www.udot.utah.gov/sr-68south), or email the project team at [sr68info@langdongroupinc.com](mailto:sr68info@langdongroupinc.com).

Stakeholders can also contact the project team with questions or concerns through the following methods:
